

## CORPORATE

Sony Mobile  
Atlanta, GA

### Project Summary:

The office space for Sony Mobile boasts a unique reception concept that fosters playfulness, entertainment and interactivity. The carpet styles, Landscape Colours and Manufactured Landscapes, manufactured by Tandus Flooring, with Antron® carpet fiber, flows into all employee areas and break rooms where it provides a simple tailored and textured aesthetic while not competing with the brand messaging. The enclosed collaborative spaces feature pops of color

in casements that screen areas for a bit of visual privacy and enclosure, while reinforcing the brand and the nature of the energetic work that takes place within them.

**Firm:** HOK

**Manufacturer:** Tandus Flooring

**Carpet Style:** Landscape Colours and Manufactured Landscapes
