

Antron® Lumena™ Nylon Glimmers

We supply the fireworks. Your designs light the fuse. Say 'Oooo and Aaahh' to the expanded line of Antron® Lumena™ solution dyed type 6,6 nylon Glimmers. We started with just a few, but now there are more - accents are what these are for! Now in both Fine and Standard deniers, the Glimmer yarns will add spark to your best designs - whether that is a low face weight creation or your most intricate pattern. These playful jewels will gleam and glint - when combined with any design, they are simply the perfect complement. **Infuse, interwine, and watch your uncommon design ignite!**
